

BAC Code of Conduct

Our Union is composed of individuals who represent the best in the masonry industry, as well as the labor movement. BAC members show up for work ready and able to produce work of the highest quality, and as Union members they are committed to advancing our Union's causes and promoting the unionized masonry industry. These qualities have distinguished BAC members from the rest for the last 140 years and are embedded as a code of conduct in our acronym 'IUBAC':

Individuals who come to work prepared to give our employer a fair day's work for a fair wage, and to work to the highest standards.

Union through and through—loyal to, respectful of, our brothers and sisters in the trade and the labor movement.

Better because we receive the finest, most comprehensive masonry training in North America.

Accept responsibility for the quality of our work and behavior on the job.

Committed to growing the unionized masonry industry for current and future generations.

This is the Code by which we, as members of the International Union of Bricklayers and Allied Craftworkers, distinguish ourselves, strengthen our industry, and influence contractors, owners and the public that building with BAC is BEST.
